

San Pedro Democratic Club

Support for H.Res109 / S.Res.59 a Green New Deal

The San Pedro Democratic Club supports the vision of the H.Res.109 (Ocasio Cortez) / S.Res.59 (Markey) the **Green New Deal** which lays out a bold ten-year plan to reduce the impacts of climate change by transitioning off of fossil fuels and towards renewable energy and conservation through investing in our renewable energy infrastructure, by providing jobs with living wage salaries and benefits, and by providing job training for the workforce needed to implement this vision.

The San Pedro Democratic Club shall actively engage in community activities that further awareness of the need for a just transition to renewable energy sources to lessen the impacts of climate change, to relieve the hazards posed on our environmental justice communities by continued reliance on fossil fuels, and to promote a viable new economic base for our nation. Furthermore, the San Pedro Democratic Club shall post the **Green New Deal** on monthly agendas for discussion.
