Unity Commission Findings - Support

Dear California DNC Delegate,

The San Pedro Democratic Club supports the DNC Rules and Bylaws Committee recommendations for the Unity Commission and urges you to vote in favor of their findings. These recommendations bring sorely needed transparency and accountability to DNC voting procedures, primaries, caucuses, and business operations.

As a delegate from California, we ask for your support for these changes to bring more democracy to this body so our party can regain the trust of the voters and reclaim Congress and the White House.

Thank you for your service to our Party.

Regards,

Carrie Scoville, President
